and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I use my wireless phone primarily as an aid, and not for frivolous gabbing. I purchase airtime for use on a yearly basis, at a fixed rate. I do not abuse the airtime as do many people I see out there who walk through stores and public places babbling away. I do not feel that I should have to be penalized when I am one who puts my phone to legitimate use.
Thank you.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Dennis Waroway
